Why Choose Fusion Chamber?

Plan Without the Stress

- Birthdays, Bachelorette, or Anniversaries. Once we have you on the phone to collect all the information for your event, we may then offer vendor recommendations for elements outside of our terms of service.

Full Service

- Our staff will help set up + break down + clean the venue, making sure we leave the preferred venue better than we found it.

Presentation & Design

- We take pride in our services, whether it be plated courses or pass around appetizers. For our station, we will have everything look professional from our food to our staff.

Local Small Business Support

- We aim to support local small businesses by using local farmers markets + other vendors such as: Premier Events + Elevate Bartending + etc.

COVID-19 Policies

- In this new way of providing service during this pandemic, I would like to reassure you that we practice social distancing + constant hand washing + let us know beforehand if you would like us to wear a mask.

You are free to adjust your Menu, Guest Count + Event timeline, preferably 2 weeks prior to your event.

Personal Chef Private Dinners, Bachelorette Parties & Small wedding catering are Client Specific
